Executive Committee 2011

President - Bryan Watts
Vice-President Technical - John Sobkowicz
Vice-President Finance - Peter Gaffran
Vice-President Communications - Jean-Marie Konrad
Exec. Rep., Section Directors - Marcia MacLellan
Exec. Rep., Division Chairs - Chris Hawkes

Past President (ex-officio) - Michel Aubertin
Chair Geotech. Research Board - James Blatz

Technical Divisions

Cold Region Geotechnology
Engineering Geology
Geoenvironmental
Geosynthetics
Hydrogeology
Rock Mechanics
Soil Mechanics & Foundations

Chairs

- Lukas Arenson
- Davide Elmo
- Cynthia Coles
- R. Kerry Rowe
- Chris Neville
- Chris Hawkes
- Bipul Hawlader
- Victor Sowa
- Wayne Gibson

August 2, 2011

Dear: R.W.I. Brachman, H.A. McLeod, I.D. Moore, and W.A. Take

Re: 2011 R. M. Quigley Award – For your paper entitled: “Three-dimensional ground displacements from static pipe bursting in stiff clay”.

On behalf of President Bryan Watts, Canadian Geotechnical Society, and me, we would like to offer our hearty congratulations on winning the 2011 R. M. Quigley Award for the best paper in the Canadian Geotechnical Journal in 2010.

You will be recognized at the 2011 Toronto PanAm-CGS Conference on Tuesday evening, October 4, at the Awards Gala. The conference website is <http://panam-cgc2011.ca>. At the Awards Gala, the name of the Award, your name and the name of the other colleagues sharing the Award with you will be announced, and an Award Certificate will be presented to each of those sharing the Award. If possible, you are encouraged to attend the Conference to receive the award in person. If you are not able to attend the conference, the Award will be sent to you. Please advise if you are planning to attend to receive the Award in person.

As part of the presentation, we request a photograph of you that will be shown at the Awards presentation. Details of the photograph requirements are provided elsewhere.

Again, our warmest congratulations.

Best regards,

Victor Sowa.
